Contents

1. General information
2. Agenda of the Workshop
3. Summary

1 General information

- According to the Workpackage 9, the goal of the OTK Dissemination Workshop is to distribute the results of the project and convincing other organisations that it may be valuable for them to apply our techniques.
- We organised this workshop together with OntoWeb Kick-Off Meeting. This not only successfully bridged together these two related projects, but guaranteed the dissemination to the broad and right audience as well.

General information

- Date: June 13, 2001, 9:30 - 12:00,
- Location: Heraklion Greece
(it was co-located with OntoWeb Kick-Off Meeting)

2 Agenda of the Workshop

09:30 - 10:00 Ontoknowledge: Building cornerstones of the Semantic Web

Frank van Harmelen, VU Amsterdam

10:00 - 10:50 From chaos to semantics

Robert Engels, CognIT

11:10 - 12:00 SESAME: Querying the Semantic Web

Arjohn Kampman, Administrator

3 Summary

- The OTK dissemination workshop has been successfully hold together with OntoWeb Kick-Off Meeting.
- Around 60 persons attended this workshop and most of them showed great interests.
- This workshop, as one of the most important dissemination channel, guarantee the opportunity to spread the knowledge and tools developed within the OTK communities.
- It highly increased the visibility of the OTK project and bridges itself with the Thematic Network on the Semantic Web OntoWeb.
